Rev. Joseph W. Hagin, pastor of the Madison Avenue Christian church at Covington, will preach at the Christian church Sunday morning. Mr. Hagin was for several years pastor of the church in Stanford and was one of the most popular ministers ever in this city. His many friends are glad of the privilege of hearing him once more. His subject will be "The Present Crisis and the Challenge to the Church."

DOINGS THE COUNTRY OVER

Mrs. King F. Daniels, aged 55, was run over and killed by an interurban car at Paris.

Archer J. Ayer was found dead in bed at Owensboro, heart disease having caused his death.

Elgin West, an L. & N. employe at Paris, saved three persons from drowning in Stoner Creek.

Thomas Nelson Carter, one of Virginia's most distinguished lawyers and formerly law partner of Thomas Nelson Page, is dead at Richmond, Va.

Pierce Bartram, a barber of Catlettsburg, was run over by a freight train and instantly killed. He was 60 years old and leaves a wife and several grown children.

The strike of 25,000 miners in Southeastern Kentucky and North-eastern Tennessee, scheduled for tomorrow, has already begun, 500 men having walked out yesterday.

Rioting broke out in the street car strike in Lima, O., late yesterday, resulting in the shooting of three strikers by strikebreakers and guards when mobs attacked their cars.

The purpose of the special session of the Indiana Legislature, which has been called by Gov. Goodrich for August 20, is to pass a law which will definitely control the price of coal.

At Hopkinsville, Thomas O. Wood shot and killed his eight-month-old daughter and then killed himself. He and his wife had separated and he had been brooding over his troubles.

By the finding of seven additional bodies in the mines in the West Kentucky Coal Company at Clay, the list of known dead as the result of the explosion last Saturday has been increased to fifty-one.

A large group of armed draft resisters, gathered at Scipio, Okla., sent word to United States Commissioner McMillan at Muskogee that they would resist any effort to take them before an examining board.

Westmoreland Davis, of Loudoun county, who was bitterly opposed by the Anti-Saloon League, was nominated by the Democratic party at its primary Tuesday for Governor of Virginia. Nomination is equivalent to election.

James H. Wilhoite, of Stamping Ground, 70 years old, is in the Franklin county jail, charged with applying for a pension in the name of Sergt. James H. Wilhoite, of Company E, Thirtieth Kentucky, said to have been the prisoner's uncle.

MARRIAGES

Will Curtis and Miss Wilda Cecil, popular young people of Somerset, eloped to Tennessee and were made one.

Miss Stella Lewis, a pretty and popular Somerset girl, was married on the 4th to Baker Grissom, of Burnside.

Alva Padgett obtained license Thursday to wed Miss Myrtle Mullins. He is 22 and she 20. Both live in the Southern End of the county. The bride is a daughter of W. B. Mullins.

Reuben Pollard, aged 19, and Miss Susan Ellen Siler, 15, were married today. The groom is from the East End, while his bride's parents reside in the Waynesburg section of the county.

Mr. Ernest M. Carter, of this city, and Miss Marietta Wallace, formerly of Stanford, but who has resided at Campbellsville for some time, were married in that city at 2 o'clock Wednesday by Rev. W. G. Montgomery, pastor of the Christian church, at his home. Mr. Carter and sister, Miss Maud Carter, left here Wednesday morning by auto, and Miss Carter was one of the few who witnessed the marriage. After the ceremony Mr. Carter and bride and Miss Carter returned to Stanford and were entertained at a very delightful dinner that evening at the home of his parents, Mr. and Mrs. P. W. Carter, on East Main street.

Others present at the dinner were: Mr. Leo Hayden and Miss Elizabeth Carter, Howard Newland and Miss Mary Early and Dr. H. J. Brazelton. Later in the evening the bridal party repaired to the home that Mr. Carter had furnished, corner Logan avenue and Miller streets, and several hours were enjoyably spent by the young people and the newly weds. The groom is one of Stanford's good business men, is energetic and progressive and a gentleman in all the word means. His bride is an exceedingly pretty brunette and a very charming young woman. She was born and reared here, where she has a host of friends.

NEW SOURCE OF PAPER

The paper shortage has stimulated the inventive genius of the whole world into a search for new forms of raw materials. Discoveries along this line are announced almost daily because the essential constituent of paper, the cellulose fiber, is common to almost the whole vegetable kingdom. The problem is wholly one of cheapness and practicability of production. Among the promising suggestions are the proposal to use spinach stalks, put forward by a French scientist, who has proved his success experimentally, and the proposed use of the Mexican sacaton grass. A very promising related development is the reported perfection of a process by which the printer's ink can be removed from old newspapers.

STILL SELLING FARMS

Hughes & McCarty, the hustling real estate men, have sold for W. S. and Elmer A. Miller to W. A. Cooper their farm on the Millidgeville pike, known as the Mrs. Alice Lytle place, for \$11,000. The farm contains 100 acres and is reasonably well improved. They also sold for W. A. Cooper his place on the Lancaster pike, half mile this side of Dix river, his house, store-room and eight acres of land for \$3,500, to Winfield S. Miller, father of W. S. and Elmer A. Miller.

IN NEIGHBORING COUNTIES

John Sparks, aged 13, is dead at Nicholasville of tetanus.

Joseph L. Campbell has been appointed postmaster at Dunnville, Casey county.

Mrs. Em Wingate, a well-known woman of Casey is dead. The remains were taken to Lebanon for burial.

Thomas Alexander, brother of Wilson and Telford Alexander, the former of this county, is dead in Lexington. He was a merchant at Danville years ago.

Threats that every union man engaged on Government work would strike within a few days unless demand of the Carpenters' Union for a closed shop on Government contracts is met, were made by spokesmen for the union at a conference in New York with representatives of the War and Navy Departments and contractors.

LINCOLN LODGE CALL MEETING

All members of Lincoln Lodge No. 60 F. & A. M. are requested to be present Monday night, August 13. Work in Masters degree. Visitors are cordially invited.

Join the Red Cross Chapter tonight.

BAD WIND AND HAIL STORM

A wind and hail storm, which did a great deal of damage, passed over certain sections of Lincoln county Thursday afternoon about 2:30. In Stanford there was a heavy down-pour and some wind, but not enough of the latter to do any damage. There was no hail here. At Mr. W. T. Tucker's, out on the Ottenheim pike, there was lots of both wind and hail. His silo was blown over, while five acres of tobacco, between four and five feet tall, and the best crop Mr. Tucker says he ever had, was literally ruined by hail. A field of corn, nearly 25 acres, was also greatly damaged. Out in the Saufley section the wind did considerable damage. The chimney on the home occupied by Henry Fields, was blown down, fencing was scattered over the fields and telephone wires were laid low. In other sections of the county hail ruined or damaged tobacco crops as follows: W. L. Marcum, on the old Levi Hubble place, five acres; J. H. Murphy, out on the Hustonville pike, eight acres; J. F. Gover and Sam Bishop, near Peyton's Well, 12 acres for the former and seven for the latter; Joe Kerkey, of the Highland section, two acres; W. M. Matheny, out on the Ottenheim pike, five acres; C. D. Boone, of the same section, two acres; W. R. Daugherty, three acres of tobacco, 25 acres of corn and fruit damaged.

R. M. Newland, the insurance man of this city, carried hail insurance on most all of the crops that were damaged and the owners will get \$100 per acre, which will compensate them to a considerable extent for their loss.

TO THE DEMOCRATS OF LINCOLN COUNTY

I am exceedingly grateful to the democrats of Lincoln county for the good vote given me Saturday last. I had fully intended expressing my thanks to you in Tuesday's Interior Journal but matters incident to my late campaign prevented me. Of course I am going to support the splendid ticket nominated. I have never thought of doing otherwise. It was my great desire to serve my people as their high sheriff, but the majority has seen fit to give the nomination to another and I freely submit to the will of the people. Everything considered, I am proud of my vote and I am under obligations to those who voted for me as well as those who worked so hard in my interest in the campaign. Again thanking you. I am gratefully,
W. S. DRYE.

TO THE DEMOCRATS OF LINCOLN COUNTY

I do not feel that it is necessary for me to rush precipitately into print to prove my loyalty to the ticket nominated on last Saturday. I have never failed to support the nominees of my party, and while I cannot approve the means adopted to secure the nomination of some of our candidates, I shall give them my support. With but two exceptions I voted for each and every one of our nominees, and will freely support the entire ticket in November. I desire to thank, from the bottom of my heart, the true, loyal and unpurchasable democrats that gave me their support. Yours truly,
M. F. NORTH.

IT IS SENATOR HARLAN NOW

Attorney Jay W. Harlan defeated Hon. Clay Kauffman for state senator in this district by a majority of fifty-eight votes. The race was a close one and was hotly contested. Mr. Harlan is not allied with any faction but will go to Frankfort free from entanglements and will be in a position to represent the district. The Beckham leaders attempted to get control of the legislature in order to embarrass Gov. Stanley's administration, without reference to anything good being accomplished for the state.—Danville Advocate.

GIVENS LAND AT AUCTION

W. B. McKinney, as administrator and agent, will sell at public auction beginning at 2 o'clock Saturday afternoon, 11th, the valuable farm belonging to the late J. A. Givens, near McKinney. He will also sell some live stock, household furniture, etc. Three tracts of land are to be disposed of and it is all valuable dirt.

HOTEL MEETING TONIGHT

The second meeting of those who favor a high-class hotel for Stanford will be held in the director's room of the Lincoln County National Bank, beginning at 7:30 o'clock tonight. A large attendance is desired, as much business is to be transacted.

Don't forget that hotel meeting at the Lincoln County National Bank tonight.

ANOTHER CALL NECESSARY

Monday, Tuesday and Wednesday were spent in examining the 254 men whose names were included in the first call for army service, and while this work was completed in the appointed time, a great deal of the clerical work has been done since. The examining board, composed of Sheriff J. G. Weatherford, County Clerk G. F. Cooper and Dr. E. J. Brown, was assisted in their work by Dr. W. N. Craig and Messrs P. M. McRoberts and J. B. Paxton, and to these gentlemen, Lincoln county people in general owe a vote of thanks. The amount of work entailed in taking the examinations and preparing the triplicate forms for the government can hardly be imagined, and had not the board had the assistance it did, it would have taken very much longer to complete the enormous task. It is impossible to say just now how many of the 127 men will be secured from the first 254 examined, but when it is told that fully sixty per cent. asked exemption and many failed to pass the physical examination, it will be seen that the number will be proportionately very small. Quite a number of the boys were given exemption buttons, while others were exempted for the time, but can be recalled later. Only those who were physically unable to pass were given exemption buttons, which means that they will not see service as a result of the registration held June 5th. Another call for at least 250 men will be necessary and it is more than probable that the names of that number will appear in Tuesday's Interior Journal.

BOND ELECTION MONDAY, 20th

The citizens of Waynesburg are hustlers. Last Sunday night their school building burned and on Wednesday an election was called for Monday, Aug. 20th, to take the sense of the people on voting bonds to pay for a \$5,000 concrete school building. Mr. A. B. Morgan, who is secretary of the board of trustees of the school, was here Wednesday and had bills printed advertising the election. The speech of the Waynesburg people is deserving of commendation and their determination to have a good school building as well as a good school should be emulated in other quarters.

MAY ENGAGE DR. GANFIELD

The following dispatch from Waukesha, Wis., appears in the Milwaukee Journal. Dr. Ganfield is well known here, where he has preached and lectured several times. He is at present president of Centre College: Dr. W. A. Ganfield may be selected as the head of Carroll college to succeed Dr. W. O. Carrier, who resigned last week to accept another position at Chicago. Dr. Ganfield has been asked to appear before a meeting of the college board of trustees, a call having been extended to him.

DR. SANDERS SUCCEEDS CASEY

Dr. A. F. Sanders, of Danville, will succeed Dr. J. M. Casey as a veterinarian here. Dr. Casey is now waiting his call for service in the veterinary department of the army. Dr. Sanders comes highly recommended and should do well here. He has practiced his profession in Danville since April. He is a graduate of the Indiana Veterinary College, and held a chair in that institution for two years. He has also seen government service.

TO THE DEMOCRATS OF LINCOLN COUNTY

I am deeply grateful for the splendid vote given me for the democratic nomination for assessor at the primary Saturday. I shall use my utmost endeavor to measure up to the responsibilities of the office and merit the support that was so freely given me. Again thanking you and assuring you further of my appreciation, I am gratefully yours,
JAMES N. CASH.

RED CROSS ITEMS

The ladies of the Red Cross Chapter are working each Tuesday, Thursday and Saturday afternoons in the basement of Severance & Son's store doing surgical dressing, etc., and they request all ladies who are interested in the good cause to come and help them in the work. If you can not come every afternoon, you will be more than welcome when you can come.

FAIR MEETING SATURDAY P. M.

The directors and stockholders of the Lincoln County Fair Association will meet in the Knight of Pythias Hall at 3 o'clock tomorrow, Saturday afternoon. It is important that the full board of directors be present. Be on hand and on time. E. C. Walton, Secretary.

JUDGE MENEFFEE NOW CAPTAIN

The many friends of Judge John N. Menefee, Jr., were made glad last night when a message came that told that he had been made a captain. For several months Judge Menefee has been at Fort Benjamin Harrison training, and while his friends expected something good for him, they were most agreeably surprised when it was announced that his berth was a captaincy. It is not known just now when or where he will be pressed into service, but it is certain that he will make good wherever duty calls. Prof. W. C. Wilson, for several years head of the Stanford Graded and High School, was made a second lieutenant, as was Harry W. Farmer, of this city. The latter won his spurs by competitive examination. Paul Dexheimer, of Somerset, William A. Obenchain, who looked after the State's interest in road work in this section, and Edward G. Flaig, of Danville, were all made captains. First lieutenants appointed from this section of the State are: William R. Hudspeth, Berea, Lee B. Ledford, Paint Lick, W. B. S. Woodward, Boreing, Raymond S. Sherrer, Corbin, Ector S. Lawson, Lancaster. Those getting second lieutenant's places were: Robert L. Maddox, Middleboro, Robert L. Bronaugh, Nicholasville, Charles T. Corn, Harrodsburg, Carroll C. Batson, Berea, Robert G. Richardson, Somerset, Walter K. Hines, Somerset, Florian G. Giles, Wilmore, Elmore E. Ingram, Wilmore, Thomas E. Mahan, Williamsburg, Reuben W. Owens, London, Lewis L. Lancaster, Lebanon, John B. Moore and Bacon Moore, Harrodsburg, John W. Bruce, Danville, Edward W. Scent, Barbourville, William B. Harn, Burnside, Robert W. Burman, Richmond, William L. Wallace, Richmond, James W. Phillips, Lebanon, Clyde B. Taylor, Harrodsburg, Vincent R. Bartlett, Lawrenceburg.

THE LINCOLN COUNTY FAIR

In about ten days the Lincoln County Fair will be held at Stanford. Large crowds are attending the fairs that are being held, and with the attractive program and the promise of lots of horses and other stock, there is every reason to believe that Stanford will have the biggest crowd known in years. Things are being gotten in shape for the exhibition and by 9:30 o'clock Wednesday morning, Aug. 22, all will be in readiness for what is predicted will be the greatest fair Stanford has ever had. Do your bit to make it a success.

TRACK WALKERS KILLED

Elisha Young and Davis Hyatt, track walkers for the L. & N., were run over and killed by a train near East Bernstadt. Both of the men lived in Laurel county. They were hurried to London, where they died shortly after the accident. The men had met at the end of their divisions and were going over the details of their work, when seeing a freight train coming, got out of its way. They didn't see a light engine approaching, and stepped in its path.

BUYS MORE PROPERTY

T. C. Ball, the hustling Depot street merchant, has bought of A. A. Russell his desirable residence and lot near the L. & N. depot at Shelby City, and has rented it to Mr. Russell by the month. It is probable that Mr. Ball will rent out his property here and move to Shelby City. However, if he considers the wishes of his many friends here he will remain at Stanford for the rest of his natural life.

LOST VALUABLE HORSE

Mr. John M. Rankin had a valuable sorrel horse to die of blood poisoning a few days ago. He got caught in a wire fence and sustained injuries, which brought about his death. Mr. Rankin had owned the animal many years and his children had driven him to school year after year for a long time.

MOVED HIS GROCERIES

Mr. M. O. VanDeveer, who has been "keeping store" in the brick dwelling just south of the railroad on Lancaster street, has moved his stock of groceries, etc., to the building on Depot street, just across from the county work house.

CHILD BURNS TO DEATH

The home of Charles Simpson, located on Little South Fork in Casey, burned a few days ago and one of his children was burned to death. Another was so badly burned that it is not expected to live.

CARPENTER LOT SALE

Don't forget the sale of the Carpenter lot at 2:30 tomorrow afternoon. Sale on premises, on Depot street.

THE LATEST WAR NEWS

The weekly statement of British merchant shipping losses shows a slight increase over the previous week. Twenty-one vessels of more than 1,600 tons and two of less than 1,600 tons were reported sunk by submarines or mines. In the previous week eighteen over 1,600 tons and three in the other category were lost.

With the exception of one man the members of the American mission to Russia emphatically disapprove the suggestion that American troops be sent to the eastern front. They declare that American soldiers would hinder rather than help the baby democracy and that what Russia needs now are supplies and encouragement rather than more men.

The moment the appointment of Herbert C. Hoover as food administrator is announced by the President Mr. Hoover will draft into the Federal service for immediate action an efficiently organized and trained force of men and women to begin the great task of administering the provisions of the food control law.

Many protests were made yesterday against the War Industries Board's announced policy of forcing producers to sell to the Allies at the same prices as to the United States, and demanding reasonable prices to the public.

Men called for military service under the selective draft law will receive consideration of a nature vastly different from that governing the conscription of the War Between the States or the methods employed in Germany or other nations in forcing men into ranks of the army. In the regulations governing the mobilization of selected men in their home districts for transportation to the cantonments, the President has urged every precaution to dispel the notion of enforced or unwilling service. These regulations, approved by the President, were announced last night.

Wholesale claims for exemption from the army draft, reported from many sections, caused Provost Marshal General Crowder to telegraph to Governors of the States, directing that local boards to "reduce discharges for dependency to a far more restricted class, and to very closely defined circumstances." Unfair advantage is being taken of the regulation, he asserts.

BROADHEAD FAIR NEXT WEEK

All roads will lead to Broadhead next week and it is very likely that all of them will be full of people going to the great Broadhead fair. The exhibition begins at 10 o'clock Wednesday morning and from that hour until something like 5 o'clock Friday afternoon there will be something doing on the fair grounds as well as in the splendid little town. The premium list this year is unusually attractive and it will doubtless draw a big lot of stock to the fair. The L. & N. has offered reduced rates and as usual a great throng from Lincoln county will take advantage of them. The trains run just right to go to the fair and return home in time for supper.

MURPHY TRIAL CONTINUED

Albert Jenkins, who was shot by John William Murphy at the time the latter killed Jenkins' wife, who was a sister of Murphy, was not able to come to town Thursday and Judge James P. Bailey continued the case until such time as he could come. Jenkins is getting along first-rate, and it is believed that he will be able to leave his home by the middle of next week. Murphy, who did the killing and wounding, remains in jail and seems deeply grieved over the killing of his sister.

BRENT HAYS CROSSES OVER

Brent Hays, the well-known darky who lived for a long time on Dix river, but who bought a home in Macksville some years ago and has since lived in it, died Wednesday morning after a long illness. His burial occurred in the Logantown burying ground. Years ago "Uncle Brent" was quite a republican politician, but in latter years he has taken little or no hand in elections, except to vote. He was a very clever old darkey and had many friends among the white people.

BIG SALE IN EAST END

Your attention is called to the advertisement of the United Realty Co. which appears on the eighth page of this paper. This sales company will sell at public auction tomorrow, Saturday, beginning promptly at 10:30 o'clock the D. H. Sanders and Dr. Graham farm which adjoins the valuable Crab Orchard Springs property, near Crab Orchard. The farm has been cut up in lots of 10 acres and over and somebody is going to get a bargain.

TO AILING WOMEN

A Little Sound Advice Will Help Many a Sufferer in Stanford

No woman should consider herself healthy and well if the kidneys are weak. Poisons that are passed off when the kidneys are well, are retained in the body when the kidneys are disordered. If the kidneys and bladder become inflamed and swollen worse troubles may quickly follow. This is often the cause of bearing-down pains, lameness, backache, etc. Uric poisoning is also frequent cause of headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that has proven effective in thousands of such cases. Let a Stanford woman tell of her experience.

Mrs. E. J. Cooley, Whitley Ave., Stanford, says: "My kidneys were out of order and I felt run down and tired out. I had dull pains in my back and across my loins. The action of my kidneys was irregular. I read of Doan's Kidney Pills and bought some at the New Stanford Drug Co. This medicine soon put my kidneys in good order and relieved other symptoms of kidney trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cooley had. Foster-Milburn Co., Props., Buffalo, N. Y. 64-1

BREAKS JAIL TO EAT MEAL

Charles Douthitt, sentenced to be electrocuted August 17 for the murder of Vernon Simms, and who broke jail at Georgetown, surrendered to Sheriff Ewing. Douthitt telephoned the officer from his home saying he was ready to return to jail. "I wanted to get home just once more," said Douthitt, "and eat a home-cooked meal such as only my dear old mother knows how to prepare. I wanted to talk to my parents just a little while before I gave up my life. I am ready now; come and get me." Douthitt and two negro prisoners at the jail escaped after overpowering Jailer Lushy. The blacks are still at large.

Computations made by M. M. Logan, member of the Kentucky State Tax Commission, disclose the inequality of the taxation in the Commonwealth, inasmuch as some rich agricultural and mining counties assess the land at a very low figure. The assessment ranges from \$93.89 per acre in Jefferson county to \$3.68 in Menifee.

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system.

To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

RECORD CROP OF CORN

The largest crop of corn ever grown in the United States is in progress for the coming harvest. The Department of Agriculture's August crop report just issued, showed corn prospects improved to the extent of 67,000,000 bushels during July, a total production of 3,191,000,000. Wheat, however, shows a decrease of 25,000,000 bushels. Spring wheat had a bad month and prospects decrease 40,000,000 bushels, but winter wheat returns indicated 15,000,000 bushels more than forecast in July. Wheat production, winter wheat combined, now is forecast at 653,000,000 bushels.

Some men throw business habits aside when they get home. The fact is that the same care and foresight should be used in the home as in the office, store or factory. This plan is simple and greatly assists the home keeper to take care of the income and expenses.

Either Mrs. Flagler, the \$60,000,000 widow of the Florida East Coast king, thought that \$5,000,000 was enough to pay for a husband or Judge Bingham thought it as much as he was worth. At any rate that is what the Louisville man will get according to a pre-nuptial agreement, when without it he would have gotten millions more. Goodness knows he ought to be satisfied, however, as it makes him the richest man in the Falls City, when before his lucky strike he was a struggling barrister and almost a briefless one, till Gov. Beckham discovered him and appointed him mayor of the city to fill a vacancy.

There are almost as many excuses to escape the draft as were given when the great supper was served, which is told of in Holy Writ. One said he was a sole support of the woman to whom he was paying alimony, but the authorities decided that that excuse did not come under the scope of exemption. The best and truest excuse we have heard was the one given by the Virginia negro. When asked the question he replied: "Yes boss, I got a good excuse. Ise gun shy." This perhaps sums up the real reason that so many do not want to go to war.

Miss Beatrice Forsythe is suing at Trenton, N. J., for \$25,000 for the loss of a leg—or we should have said a limb. If it was as pretty as her picture would lead one to think and the one she has left is filed as an exhibit to the jury, we have "fifteen dollars in our inside pocket" which says she will be awarded the full amount of her claim.

The Right Rev. C. E. Woodcock, bishop of Kentucky, is receiving some criticism for saying in a sermon in New York last Sunday that worrying is as sinful as drinking or gambling. We fear the good bishop does not differentiate. Worry may not hurt other than the individual who indulges in it. Drinking and gambling may bring woe and desolation to others.

Liberia, the negro republic on the west coast of Africa, is the last to declare war on German, which begins to look like the thing will become unanimous. Negroes have proved themselves fighters on many occasions and the Imperial Government may find that though Liberia is little is loud and may prove a factor in the final result.

It is said that the Federal attorneys will ask the death penalty for draft resisters, who may think that it is carrying the joke too far when they feel the halter draw, but this is no time for cowards or slunkers and nothing but vigorous and rigorous methods of dealing with them will prove effective.

The Interior Journal is glad that it old friend and correspondent from Parksville many years ago, Geo. H. Hocker, won his race for assessor in Boyle county, defeating another mighty clever man, Hugh Moore, for the democratic nomination. This is another recognition of the press, for which the press gang is deeply grateful.

New York has just abolished the last of her horse curs. The metropolis is further behind in some things than it is advanced in others. A street car pulled by a horse is almost as much of a curiosity now as electrically propelled cars were when introduced.

They sure do do things in Atlanta. The American Audit Co., has just reported that her contributions to the Red Cross fund was \$283,975, besides she has given more than her quota to every other undertaking.

The corn trimmers are in session at Providence, R. I. In other words, the National Association of Chiropractors are having their annual meeting there.

The opposition organs are trying with all their might to make it appear that Gov. Stanley was discredited by the primary, but the fact remains that his friends will organize both branches of the Legislature and proceed to enact constructive legislation, without hamper. Very frequently in the past the Legislature elected in the last half of a governor's term is hostile to him, but not so this time. Gov. Stanley was victorious, notwithstanding the bitter, and in some cases, mean fight against his administration. We predict that under his direction the Legislature that meets in January will proceed to pass a resolution submitting the prohibition question to the voters of the State, without purpose of evasion or rider, and with it out of the way, get down to the other important business for which it was elected. Good advice to the so-called Democratic Forward Leaguers would be to tell the truth and shame the devil.

There is one man whose name appears in the draft who would not claim exemption if permitted to respond to his country's call. He is the negro who killed a policeman at Murray and whose spiriting away came near resulting in the circuit judge being mobbed by angry men who were not quieted till Gov. Stanley went to the scene and appealed for law and order. The negro was afterwards tried, under the protection of a military company and is now under sentence of death.

The president advises not to pay any attention to the German peace twaddle. He has learned from sad experience that such chatter is indulged in solely to lull preparation by us while the Kaiser puts on double steam to prosecute his unholy war with greater vigor. Time to talk peace is when he is thoroughly beaten and lies prostrate begging not to be made to get off the earth.

VonHindenburg scaring the Germans to renewed effort by telling them that the allies will demand four billions of dollars of indemnity a year for 100 years. The allies have made no intimation of indemnity but if they demanded five times the amount named it would hardly pay the damage.

A confessed Boston bigamist has been sentenced to serve in the front line when his regiment goes into battle. This however is not as cruel or as inhuman punishment as if he had been sentenced to live the rest of his days with both the women he deceived.

TO THE DRAFTED

To you unfortunate ones who are about to go forward to that long battle line where the armies of autocracy and oppression are facing the armies of the free, congratulations and God-speed.

You go, not as reluctant victims of misfortune or a fatal chance, but rather as our chosen ones; the pick and flower of our manhood, whole of body, sound in mind and spirit—what all of us should like to be. And we who are too old or too weak, or in some other respect unfitted to go in body, shall go with you in spirit. We know that we ask much of you, and we expect much, for we expect things in keeping with our great traditions—things born of the spirit of Nathan Hale; but we know that we shall not be disappointed.

In imagination and in sympathy we shall be there with you on the firing line, and at home we shall do all that we can to make you comfortable and content. We shall pray that you may return in safety, but even more fervently we shall pray that your courage may not flag or the edge of your determination be dulled.

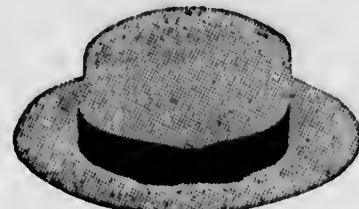

You are to fight in the noblest cause in which man ever took up arms, and for a nation the most generous in all the world to her soldier sons. You go with her blessing for she trusts you; and be sure that whether you return or not she will hold your names in honor and grateful memory until the end of time.—Youth's Companion.

KIDD'S STORE

An endemic of measles which has found a majority of its victims among middle aged and old, has run its course. Coincidentally we had an invasion of malignant juvenile matrimony—mania which periodically affects us. Few, if any other places of civilization have made equal contributions of trundle bed trash to the army of domestic disasters.

When the tribunal dictates specifications of a world-peace article one should prescribe a common sense age for conjugal contracts.

Our town was startled to temporary hysteria by a sensation which was disclosed, close kin to the "Three Black Crows." A sturdy plowman was finally goaded to an effort to run down a skulker repeatedly seen in chaparral near his cornfield. The sniper wheeled on the pursuer with a fusillade of bullets which struck hat and coat and put instant stop to the chase. The police were not available. Bloodhounds were brought to town but a council of war resulted in an abandonment of the campaign and excited speculations about the near tragedy, farce or fake.

Skepticism about those vegetable monstrosities; Jonah's gourd vine and its companion, Jack's bean stalk, got a shake up by last year's marvelous growth of weeds, but has been shattered by the magical growth of this—a year without a week of spring temperature and conditions until summer was aborning.

A sober, successful, observing, conservative old farmer declared that he had never seen corn grow as it has this year. While a long way from an assured yield, but a few more timely rains are needed.

Gardeners have had a hard struggle with weeds for three weeks, but are now triumphant and the luxuriance of clean crops is boast of all but two or three of us sluggards, who sleep much.

The almost daily rains skipped us without interruption of haying and grain stacking. Not enough of the soakers Stanford got to drive us in doors.

The blackberry crop is a bumper in yield and quality and never such prodigious canning and jamming of the staple.

In a list of volunteers from this section, which has been furnished the Interior Journal, more than half who were credited to our suburb of West Lincoln, are gallant Casey boys whose girl correspondents address all letters to Kidd's Store.

Mrs. John O. McAlister, of Louisiana, and Mrs. J. H. McAlister, of Mississippi, Montana and Stanford, are guests of their proud kinsfolk and friends without number.

DIZZY SPELLS

Relieved After Taking Two Bottles Of Cardui, Says Tennessee Lady.

Whitwell, Tenn.—Mrs. G. P. Cartwright, of this place, writes: "About four years ago the dizzy spells got so bad that when I would start to walk I would just pretty near fall. I wasn't past doing my work, but was very much run-down.

I told my husband I thought Cardui would help me, as a lady who lived next door to me had taken a great deal, and told me to try it. This was when we were living in Kentucky.

My husband got me a bottle and I took it according to directions. It helped me so much that he went back and got me another bottle. I got a whole lot better and just quit taking it. I got over the dizzy spells. I took no other medicine at that time nor since for this trouble. No, I've never regretted taking Cardui.

I felt just fine when I finished the second bottle."

Purely vegetable, mild and gentle in its action, Cardui, the woman's tonic, may be the very medicine you need. If you suffer from symptoms of female troubles, give Cardui a trial. All druggists.

Those who hurried to make their second planting of corn in furrows made in middle rows instead of judiciously repeating as thorough preparation as at first planting have had a combat with grass and weeds which convinces that the maxim that a stitch in time saves nine can truthfully be amended by prefixing ninety to the nine.

WOMAN COULD HARDLY STAND

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Fulton, N. Y. — "Why will women pay out their money for treatment and receive no benefit, when so many have proved that Lydia E. Pinkham's Vegetable Compound will make them well? For over a year I suffered so from female weakness I could hardly stand and was afraid to go on the street alone. Doctors said medicines were useless and only an operation would help me, but Lydia E. Pinkham's Vegetable Compound has proved it otherwise. I am now perfectly well and can do any kind of work."—Miss NELLIE PHELPS, care of R. A. Rider, R. F. D. No. 5, Fulton, N. Y.

HARRIS' CREEK

Friends and relatives here have received word that Mr. and Mrs. Ike Burger, of McLean, Ill., formerly of Boyle county, are the parents of four boys, who are in the United States army. Three of them, Dewey, Bud and Oney, are in France, training to enter the trenches and do battle with the troops belonging to the Kaiser. William, who is in Texas, writes that he is eagerly waiting the call which will order him to France, where he will meet his brothers. Friends here have received word from the boys and not one word of complaint was written in the letters they wrote. They told of their arrival in France and of their great reception. They say very little of the war but hinted that they knew something out of the ordinary was in progress by looking at the many miles of marching troops as they are transferred from one position to the other. So far as is known, this is the first family to give four boys to the army. Many homes have surrendered their only son, but this is the first to give their all in all. The little city of McLean can feel proud of these fighters.

Many here regret to learn of the death of Mrs. Chas. Johnson, of Louisville. Mrs. Johnson had been in ill health for some time but her death came as a great shock to her many friends and loved ones.

Mrs. S. T. Rice and children, of Chattanooga, Tenn., are here visiting relatives and friends.

Miss Laura Gaddis left Saturday for Frankfort to visit her sister, Mrs. Albert Martin.

Mrs. Jasper Gaddis, who has been very ill is very much improved, her many friends will be glad to know.

Mrs. W. S. Benedict and children, and Charley Benedict visited relatives at White Oak Sunday.

Elzy Rousey, of White Oak, is visiting his aunt, Mrs. Jack Rice.

Our school is progressing nicely with Miss Ida L. Martin as teacher.

Miss Hettie Rice visited Miss Nettie Joselin at Junction City last week.

TO CAN SWEET CORN

Can as soon after the corn is gathered as possible. Remove husks and silks. Blanch by placing in boiling water for five minutes. Remove and dip quickly into and out of cold water. Cut the corn from the cob and pack directly into hot jars or cans to within one-fourth inch of the top. Pour in enough boiling water to fill the container. Add one level teaspoonful of salt to each quart. Put rubber rings and caps of jars into position, but do not tighten the wire clamps. Seal tin cans completely.

Place containers on a false bottom of wooden slats or wire mesh in a vessel of water deep enough to cover the containers completely. Keep the water boiling for three hours.

Remove the jars, tighten covers, invert jars to test seal, and cool (not in draft, as jars might crack).

Tin cans may be placed in cold water for rapid cooling.

After the containers are cool store in a dark, cool place.

Rapid preparation for canning is especially desirable for corn if a good quality of product is to be obtained. The best results can be secured when one person cuts the corn from the cob and another fills the containers. If it is necessary for one person to work alone she should cut sufficient corn to fill one jar, pour on boiling water, add salt, place the rubbers and caps in position, and put the jar or container into hot water at once. The extra cooking which will be given to the cans first filled will not be injurious and a better product will be secured than if the cut corn were allowed to stand until all jars were filled.

POLES ON VERGE OF REVOLT

The situation in Poland is critical, according to information received by the correspondent at Lausanne, Switzerland, of the Exchange Telegraph Company. The Germans are said to be discussing the possibility of an organized revolt on the part of the Poles. All German women in Poland, including the wives of big military and civil officials have returned to Germany. Martial law, the correspondent adds, has been declared at Warsaw and in other Polish centers. Riots which have been suppressed with much bloodshed in the mining area have been renewed.

Only 20 per cent. of the men drafted for the national army in Kentucky and Indiana will be called for training at Camp Taylor early in September. The entire army will not be called to the colors before the latter part of October. Insurmountable difficulties make it impossible to get the force into training before that time.

President Wilson took cognizance of the I. W. W. activities in the West by appointing Chief Justice Coving-ton, of the District of Columbia, to make a personal investigation of the

CRAB ORCHARD SPRINGS

A flag raising ceremonial was one of the features of the past week at Crab Orchard Springs when a handsome flag was presented by John B. Hundley, for forty years general book-keeper of the Bank of Kentucky at Louisville. A thrilling and patriotic address was made by Judge Lewis Walker, of Lancaster, after a band of nine pieces from Preachersville, a nearby village, played a number of national airs. Eugene B. Yates, of Georgetown acted as master of ceremonies and John Francis Cannon, the young son of L. G. Cannon, of Scott county, raised the flag to a staff, 30 feet higher than any one in Kentucky, which floats to the breeze, 135 feet above the surface of the earth. Mrs. E. C. Hulen, of Horse Cave, a public reader, gave, "The American Flag," by Joseph Rodman Drake. The invocation was given by Rev. Dr. Morgan, of Crab Orchard. The affair was arranged by Miss Roberta Newman, of Lexington, principal of the Department School.

The Virginia Reel, in which 20 couples participated, was danced Thursday evening and on Saturday night a breakdown, country style, was enjoyed, the figures being called by Jack King, a past master at the art over the hill section.

When one takes her knitting under the cooling expanse of the trees, and as the hills within view, such bits of phrases as these reach the ear: "Thirty-love!" "It's my turn, you're dead on my ball!" "Yes, I'm knitting for Dr. Barrow's Unit!" "I'll make it seven hearts!" "We swam across the lake this morning!" "Wasn't that a big catch I made this morning?" etc.

Among this week's guests registered are: Mr. and Mrs. Alexander E. Johnson, Mr. and Mrs. John Hagan, daughter, Elizabeth, J. S. Asbury, Alex Reager, Mrs. H. Grunensheal, J. H. Light, T. B. Means and wife, Leo Lederer, L. A. Fitzgerald, Wash-ton Tuley, Lawrence K. Tuley, Coul-ton Neat, of Louisville; Mr. and Mrs. R. H. LAND, STOCK AND CROP

S. E. Ray, of Hardin county, sold to Cox & Co., of Louisville, 20 cattle averaging 1,485 pounds, at 11c.

Forestus Reid sold to T. W. Jones two cows for \$100. Mr. Jones also bought of Baughman & McKinney 45 lambs at 13c.

News comes from Casey that W. K. Shugars has 250 acres of corn and that it is the best crop in that great corn county.

J. M. Rankin sold in Cincinnati this week a car-load of 900-pound cattle at 9c. Mr. Rankin bought them last fall and fed them.

M. F. Germann delivered to Anderson & Spillman, the Danville millers a load of corn for which he received \$105. He got \$11 per barrel.

T. W. Jones bought of Will Hester 47 hogs that weighed about 200 pounds for 14 cents a pound, and of W. P. Logan 35 200-pound hogs at 14 cents. He also bought of W. D. Gooch nine lambs at 12c.

Stanley P. Stephenson, of the West End, sold to Anderson & Spillman, the Danville millers, 150 barrels of corn delivered at Moreland at \$9. The sale was made several weeks ago but the corn was delivered the first of this week.

About 1,000 cattle were on the Richmond market Monday and most of them changed hands. Extra good steers brought as high as \$1-2c, but 7 to 8 cents were the ruling prices. A few cows sold at 5 to 6 3-4c. Butcher stuff was quiet at 6 1-2 to 7 1-2c.

H. Rowan Saufley showed his walking mare and handsome yearling filly at the Perryville fair Wednesday but could do no better than get second money on each. His stock was hardly in condition to show, he having taken both mare and colt off of grass a few days ago.

E. E. Wright, who recently sold his farm of 50 acres on the Ruddle Mills pike to Mr. Robt. Berry at \$200 an acre, has purchased of Mr. W. T. Hamon the Cleveland farm of 100 acres on the Millersburg pike, at the reported price of \$200 per acre.—Cynthiana Log Cabin.

T. W. Jones bought at Richmond 300 sheep, wethers and lambs, paying six cents a pound for the wethers and 10 cents for the lambs. He also bought of B. W. Leigh, of Hustonville, 20 light hogs at 13c and of D. B. Morris 23 200-pound hogs at \$14.60 and of Leo Hayden 25 170-pound hogs at \$14.75.

G. A. Bowling, of lower Garrard, is delivering this week his crop of wheat from fifty acres which he has sold to Hudson, Hughes and Farnau, of this city for \$2.50 a bushel. Mr. Bowling tells us he has threshed from the fifty acres, 1,700 bushels, which makes an average for the entire crop of 34 bushels.—Lancaster Record.

J. B. Bourne, father of Mrs. W. K. Warner, of this city, sold his farm on the Buckeye road near McCrory, Garrard county, containing about 150 acres for \$150 and acre. The purchasers were: J. H. Posey, John Askins and John Moberly. Mr. Bourne bought this farm about 13 years ago and tells us that the increase in the value of the land alone has netted him \$23,650. The farm contained originally 180 acres, for which Mr. Bourne paid \$45 an acre.

Bob Vanoy sold to T. W. Jones 15 150-pound hogs at 14c.

J. C. Eubanks sold to V. A. Lear, of Garrard, 30 215-pound hogs at 15c.

C. P. Cecil, of Danville, sold to Castleman, of Indiana, a fine bunch of cattle, 80 in number, at \$12 per hundred.

H. F. Martin has sold to Vaughan brothers, who bought a good portion of the Sam Owens farm, the tract he bought at the recent sale at \$10 profit per acre.

John Rankin won in the roadster ring at the Perryville fair yesterday with his great mare. He made the rest of the bunch look like the proverbial 30 cents, so far did he leave them with his speedy filly.

BIG PROFITS IN TALK

Telephone companies showed a profit of nearly a dollar a telephone during March, according to compilation made public by the Interstate Commerce Commission.

There were in service 7,495,470 telephones in March, an increase of approximately 12 per cent. over March 1916. Operating revenues totaled \$25,929,854, an increase of more than 10 per cent. within the year. Expenses increased from \$14,850,172 to \$17,448,433, leaving net operating revenue for March, 1917, of \$8,491,421. Taxes and other expenses reduced this figure to \$6,780,082 operating income for the month.

BREATHITT COMES TO FRONT

Breathitt county again comes into the limelight, but this time in more attractive and creditable fashion than heretofore. The county made famous by its feuds is not called upon for a single soldier under the draft. Its quota for military service, 182, has been more than made up in volunteers for the regular army alone. The mountaineers of Breathitt county will "draw a bead" on the enemy of their country instead of each other. And that is a much more satisfactory kind of gun-toting than was erstwhile indulged in. Hurrah for Breathitt county and her patriotic ex-feudists!
